

Steven E. Olson

Group President Southern Operations

Steve Olson is Group President of The Boldt Company – Southern Operations.

Prior to joining The Boldt Company, Olson served as Senior Vice President for one of the nation's top construction firms. He has more than 27 years of construction experience in a variety of commercial and industrial markets including healthcare, higher education and power. He has a successful track record in the areas of project engineering and management, preconstruction services and business and corporate development.

Mr. Olson's responsibilities include leadership of the Southern Operations headquarters located in Oklahoma City, Oklahoma and regional offices in Tulsa, Oklahoma and Greenville, South Carolina. His top priorities are: 1) understanding and exceeding every client's expectations, 2) executing work safely and with consistent discipline, and 3) developing an outstanding team of employees and relationships with partners. He is a strong advocate of teamwork and encourages a culture of collaboration.

Olson is a graduate of Bradley University with a BS in Civil Engineering, Magna Cum Laude.
